Cambridge Biotech

HIV-1 Western Blot

Page 1 of 1

Section I – General Information

Calypte Part Number	Identity	CAMBRIDGE BIOTECH HIV -1 WESTERN BLOT (IN VITRO DIAGNOSTIC TEST KIT)
120162 rev. 3	Item Code Number	98002 (27 tests)
120163 rev. 2	Component 1	NITROCELLULOSE STRIPS, 27 strips
120164 rev. 2	Component 2	NON-REACTIVE CONTROL, 160 µL
120165 rev. 2	Component 3	WEAKLY REACTIVE CONTROL, 160 µL
120166 rev. 2	Component 4	STRONGLY REACTIVE CONTROL, 160 µL
120167 rev. 2	Component 5	WASH BUFFER, 60 mL
120168 rev. 2	Component 6	BLOTTING BUFFER, 18 mL
120169 rev. 2	Component 7	CONJUGATE 1, 160 µL
120170 rev. 2	Component 8	CONJUGATE 2, 160 µL
120171 rev. 3	Component 9	SUBSTRATE A, 30 mL
120172 rev. 2	Component 10	SUBSTRATE B, 30 mL
120173 rev. 2	Component 11	BLOTTING POWDER, 9 g
Chemical Name and Synonyms		See individual MSDS for each kit component
Formula		NA
Chemical Family		See individual MSDS for each kit component
DOT Hazard Classification		NA
Proper DOT Shipping Name		NA
Manufacturer's Name		Calypte Biomedical Corporation
Manufacturer's Address		1265 Harbor Bay Parkway, Alameda, CA 94502 USA
Telephone Number for Information		Within the US (877) 225-9783 – Outside the US (510) 749-5100
Emergency Telephone Number		(800) 424-9300 (CHEMTREC)
Date Prepared		July, 2003

Section II - Hazard Ingredients/Identity Information

See individual MSDS for each kit component

Section III - Physical/Chemical Characteristics

See individual MSDS for each kit component

Section IV - Fire and Explosion Hazard Data

See individual MSDS for each kit component

Section V - Reactivity Data

See individual MSDS for each kit component

Section VI - Health Hazard Data

See individual MSDS for each kit component

Section VII - Precautions for Safe Handling and Use

See individual MSDS for each kit component

Section VIII - Control Measures

See individual MSDS for each kit component
