

**CERTIFICATION FOR USA INSTITUTIONS REGARDING RESEARCH USE OF
THE AWARE™ BED EIA**

The undersigned hereby declares and certifies that the institution named below will use the Calypte HIV-1 BED EIA exclusively as a research tool for estimating HIV-1 incidence as an aid to population research and epidemiology studies. The Calypte HIV-1 BED EIA shall not be used to diagnose individuals for the presence of or absence of HIV-1 antibodies. The named institution furthermore hereby certifies that neither it nor its employees shall divulge the results obtained with the Calypte HIV-1 BED EIA to research subjects, patients or their physicians, and that the Calypte HIV-1 BED EIA shall not be used:

- a) on samples from citizens or residents of the USA, nor b) as a diagnostic or patient monitoring tool that may impact patient therapy and management
